**Transform Kingston** - Breathing new life into Kingston town centre – the Kingfisher, Cattle Market car park and Guildhall campus sites.

Kingston Council is looking at ways we can creatively reposition and diversify the town centre and want to work with the whole community to reimagine Kingston, so it is ready to thrive in a postCovid world. They are looking to comprehensively redevelop the Kingfisher Leisure Centre and Cattle Market car park to create a new destination for leisure, well-being, learning and culture. They are also exploring options for how we can make better use of the under-used council offices on the Guildhall campus to better serve Kingston. They want to understand what is important to you so they can create something wonderful for Kingston – so you can provide your feedback by: Completing an online survey
